# Construction Notice

## **Project**

Seventh Street and McDowell Road Intersection Improvements

**Start Date:** February 1, 2010

**Construction Time:** 120 days

**Construction Hours:** 6 a.m. to 4 p.m. and will include night and weekend hours. The majority of the work will take place during night and weekend hours.

## **Construction Information**

The City of Phoenix Street Transportation Department has awarded a contract to Combs Construction Co. to make improvements to the intersection of Seventh Street and McDowell Road.

The project will include an additional add/drop lane to westbound McDowell Road through Seventh Street. The new lane is referred to as an "add-drop" lane because it adds, or begins, 380 feet before the intersection and drops, or ends, 730 feet beyond the intersection. In addition, two new concrete bus bays with shelters, new concrete curb, sidewalks with ADA compliant ramps and driveway entrances will be included in the project.

There will be lane restrictions on Seventh Street and on McDowell Road. Please allow extra time for your commute. If you have any concerns about the project or access during construction, please call the **project hotline at 623-825-3444**.

**Thank you for your patience and cooperation!**
